# Gartner Peer Insights...

## 5.0 \*\*\*\*\*

## Fantastic company with fantastic services!

Experience is fantastic. Very responsive to our inquiries. I consider them an extension of our team instead just another vendor that provides reports.

## 5.0 \*\*\*\*\*

#### Providing instant value add for a lean security team

Deepwatch has augmented our lean team and provided instant value add to our team, providing visibility where we did not have it.

## 5.0 \*\*\*\*\*

#### Great Service, Great Team

Deepwatch is perfect for getting a SOC stood up quickly and efficiently and their analysts feel like a part of your internal team.

### 5.0 \*\*\*\*\*

## Deepwatch an MSS that actually cares and listens

Deepwatch has been and actually partner in our SOC program, they provide not only traditional 365/7/24 monitoring. They provide in-depth threat hunting and consistent feedback and adjust to our environment. All in an effort to be more efficient with the data, which results in better alerting."

### 5.0 \*\*\*\*\*

#### Deepwatch, the team you want guarding your six in the dark alleys of cyberspace.

Deepwatch works tirelessly to understand your environment and is that security partner you want watching your back and night. They have been through the good and the bad with us and through our partnership our company has thrived and established as a global leader in security.
